DHAYASANKAR VASUDEVAN

UX / Branding / Visual Design

Hamburg, Germany
dhayasankarinslm@gmail.com

Who am I

Multidisciplinary designer working across UX, branding and visual communication. A physics graduate now pursuing an M.A. in UX Design at BSBI Hamburg. I bring analytical thinking, creative direction and a practical, human-centred approach to design problems.

Interests

UX & art
Music & film
Street photography
Books & bikepacking

Experience

Tlinsy

Creative Design & Marketing Lead

Current role | Chennai, India

Lead creative design and marketing, bringing together brand communication, visual design and a multidisciplinary approach to solving business problems.

Achuvam

Founder & Creative Director

Previously DMAGIC Studios | Founded 2023

Founded and led a design studio, renamed Achuvam in 2025. Direct branding, identity systems, campaigns and client projects from concept to delivery. Earlier freelance design: VDS Designs, 2023.

PY Robotics

Design Head

From 2024 | Battle of Robots, 2025

Led visual communication for a competitive robotics team: identity systems, sponsorship decks, merchandise and digital content. Contributed design work to the team's 2025 championship campaign.

Music Composer

Freelance | Kaliyuman Creations

2021-2023

Composed for 20+ short films and two feature / silver-screen films. Created scores, themes and sound design, including work on award-winning projects Yekkam and Mantis.
